45 minute flight | 45 minute Island tour and picnic hamper lunch | Town tour
Min 4 People

Fly into Albany from Perth to be met by our helicopter at the Albany airport. Depart the Albany airport and enjoy a magical scenic flight to Discovery Bay. Enjoy morning tea at the café before taking a tour of Whale World, the Wildlife Park and the Botanical Gardens.

Jump back in the helicopter and depart Discovery Bay for another great scenic flight to Breaksea Island. Enjoy a picnic hamper lunch in the old lighthouse keeper's cottage then a tour of the island and the lighthouse. Back in the helicopter for an exhilarating scenic flight over King George Sound, Michaelmas Island, Emu Point, Middleton Beach and the town of Albany.

Depart Discovery Bay with a local tour operator for a ground tour of Albany and then some free time to explore Albany. Stay overnight in Albany or get dropped back at the airport that afternoon for a flight to Perth.

Breaksea Island Nature Reserve

Breaksea Island is a spectacular coastal offshore island situated in King George Sound, Albany. The island is a class 'A' nature reserve for the protection of plants and animals. A lighthouse which was built on the island in 1858 now stands in ruin. A new lighthouse was constructed in 1902 which still operates today, along with a lighthouse keeper's cottage and a second cottage built in 1908. The Department of Parks and Wildlife and the Great Southern Development Commission are undertaking a full restoration of the cottages to be available for short accommodation stays in the near future.

On to West Cape Howe National Park and around the incredibly rugged coastline of Torbay Head which is the southernmost point of the WA mainland. Continuing further west we view numerous isolated beaches such as Ocean Beach then we head over Wilson Inlet and inland over the beautiful hills of Denmark before landing at a winery or brewery. After an informative tour of the facility and a scrumptious lunch our return flight takes us over the farming area between Denmark and Albany. As we Cross Princess Royal Harbour we have views of the port and the city. We fly along Goode Beach to finish your adventure with views of the Old Whaling Station as we land at Discovery Bay.

Breaksea Island Naturalist

For the naturalists at heart that would like an extended stay on Breaksea Island, any of our scenic flights can be modified to incorporate a long stay on the island. Breaksea Island's natural values are vast and include unique flora and fauna. The Little Penguin, Flesh Footed Shearwater and the Great Winged Petrel inhabit this area along with many other species. Flora species such as Silver Cushion Bush and the threatened Shore Spleenwort can be seen on the island also.
